

TECHNICAL DATA

SOLID POLYCARBONATE SHEET

0.80mm, 1.00mm, 1.50mm, 1.80mm, 2.00mm, 3.00mm, 4.00mm, 6.00mm

Lotus Solid Polycarbonate sheets are manufactured using UV stabilized resin that allows for usage in multiple applications. Clear solid sheets have a light transmission of 90%. The sheets are lightweight and possess high impact resistance. They are easy to store, handle and install.

SHEET WIDTH	1220MM / 2100MM
SHEET LENGTH	CUSTOMIZED
SPECIFIC GRAVITY	1.2
LIGHT TRANSMISSION (Compact)	Clear – 90%
THERMAL EXPANSION	0.065MM/M °C
POSSIBLE HEAT AND MOISTURE EXPANSION	3MM/M
MAX. SERVICE TEMPERATURE	120°C
FLAMMABILITY (UL94)	V-2
TEXTURE	COMPACT

*Custom sizes can be made subject to MOQ

*Values are subject to change as per manufacturing standard.

*Manufactured conforming to ISO 7391-09-9 standard.
